

How to Turn in your Negative Test Result

1. Get a digital copy of the negative test results. That could be either by saving a copy of the result that was emailed to you, or by taking a photo of the piece of paper that was given to you.
2. Log into Final Forms <https://wooster-oh.finalforms.com/>
3. Click on the Documents Folder icon out to the right of your student's name.
4. Follow the directions on the screen to upload your document to Final Forms.
5. An email will be sent to school staff notifying them that a document has been uploaded.

*If you are unable to upload your document to Final Forms, please email the result to your coach, your school nurse, or the athletic department:
