

The background is a light cream color with faint blue horizontal lines. In the top left, there is a yellow ruler and a right-angled triangle with a 90-degree angle and the word 'cos' next to it. In the top center, the formula $\sqrt{a+b}$ is written in brown. In the top right, there are several colored pencils (red, purple, blue) and the formula $E=MC^2$ in brown. In the bottom left, there is an orange ruler and a red eraser. In the bottom right, there are several colored pencils (red, green, black) and a circular object with a question mark.
