

Chuck Armbruster

Blue and Gold Friend of the Arts

Chuck Armbruster is the 2019 recipient of the Blue and Gold Service Award and inductee into 2019 class of the Wooster Art Hall of Fame.

Although he graduated from Wynford High school in Bucyrus, Ohio, he has dedicated an extraordinary amount of time to the WHS Drama Club.

“Wooster’s arts offerings allowed our children’s participation. According, that allowed me to re-engage and to become active in supporting the arts once again,” Armbruster said.

Throughout high school, Armbruster participated in choir, band, the Royal Singers group, local follies and musicals and became a thespian his junior year.

Armbruster is currently retired from a food processing company located in Orville where he worked in operations and corporate engineering. Armbruster used his engineering background and applied it to set building for the drama club.

“Probably unconventional, but I support the performing arts by applying my engineering background to WHS Drama Club set building. I enjoy applying science to solve everyday problems,” Armbruster said.

During retirement, Armbruster spends his time with his wife Pam traveling to see family and other enjoyment and remains active by volunteering his time for various non-profit organizations.

“The arts offer a counterbalance to my typical pragmatic approach to life. In that way, it is refreshing and delightful.”
