Principal's Message

Mrs. Heidi Haas

Dear Parents and Guardians, As we approach the final stretch of the school year, I wanted to provide you with some important updates and reminders for our middle school students in grades 5 through 7.

Camp Nuhop Information: For all sixth grade families, please be on the lookout for important Camp Nuhop information that will be coming your way in the next few days. We are eagerly preparing for this exciting outdoor educational experience scheduled for May. Details regarding packing lists, schedules, fundraising and other essential information will be shared shortly.

Spring Weather Reminders: As we transition into the spring season, it's essential to be prepared for the unpredictable weather patterns here in Ohio. We typically go outside for recess most days, and the weather can fluctuate greatly. Please ensure that your child has appropriate clothing, including coats and other warm weather items, readily available to stay comfortable during outdoor activities.

State Testing Dates: State testing for our middle school students will commence in April. Attached to the end of the February Newsletter, you'll find the calendar of testing dates. It's crucial for students to be well-prepared and rested during these assessments, so please take note of the schedule and help your child make necessary arrangements to ensure their success.

As always, if you have any questions or concerns, please don't hesitate to reach out to us. We value your partnership in your child's education and appreciate your continued support.

February Students Of The Month

Avery Williams & Karson Jones

Avery Williams:

Avery is an amazing student who always tries her best in school. She loves learning new things and works really hard to understand all that is being taught in class. Avery does not only excel at schoolwork, but also helps her classmates and is a leader in group projects. She is kind to others and always offers a smile when she is in class or walking down the hall. Avery is the kind of student who makes her teachers proud because of her dedication and how much she cares about learning.

Karson Jones:

Karson's classmates say of him what we recognize as teachers as well: "He is just a good kid." He was nominated by several of his peers as a student that exemplifies the characteristics of RISE. He is respectful, has integrity, is safe, and always engaged. He works hard and it shows. He is kind to his peers and helps them out whenever they need it. He can be counted on to do the right thing even when no one is looking. Karson is a joy and an asset to Team Renegade and we are extremely proud to have him as a member of our learning community.

W 2024 Spring Assessment Dates
