

Call for Donations! Fabric Masks Needed!

Specific need for Pre-K and Kindergarten Sizes

If you sew, would you consider making and donating one or more machine washable fabric masks for our students? We will need adult-sized masks for older students and child-sized masks for younger students.

Any style of face covering is welcome. The only requirement is that the mask covers the nose and mouth. Many patterns are available on the internet.

Thanks to the generosity of the Wooster community, we have already received thousands of masks for the upcoming school year!

Please deliver machine washable fabric face masks to:

Wooster City Schools Support Services Office

955 Oldman Road, Wooster

(Corner of Oldman & Oak Hill Roads)

Please leave on the front porch in a bag or box and include this flyer with the information requested below. Thank you!!
