

Edgewood Parents and Guardians -

The start of the 2nd semester means that state testing is just around the corner! Please read important information about state testing!

- Tests for all English Language Arts, Math, and Science will be given throughout a five week period. Each test has two parts and each part will be given on a separate day. Specific dates can be found on the testing calendar below.
- It is important that students attend school the day of their tests. As much as possible, please try to avoid scheduling appointments or taking planned vacations during days that your child tests. Students that are absent on a day they test will make it up the next day they return to school.
